Mission Statement/Program Description

At West Cary Middle School, we believe:

- . All students can learn.
- . Each child should be successful at school each day in an academic, emotional, and social environment.
- . There should be a union of students, parents, and staff to create that success.
- . It is the school's responsibility to empower the students through success.
- . Parents and teachers need to be educated to see the need for change.
- . We should focus on lifelong learning and meeting the developmental needs of early adolescence students: building self-esteem, curiosity, and citizenship.
- . Students should take responsibility for an active role in the learning process.

2002-03 School Year Profiles Page 1 of 6

Fall 2002-03 Student Population Characteristics

Male	Female	Total
MAIC	r Ciliaic	

	White	Black	Asian	Hisp	Multi	AmInd	White	Black	Asian	Hisp	Multi	AmInd	
Grade 6	130	28	13	10	4	0	119	46	8	7	4	0	369
Grade7	128	26	16	6	6	1	142	36	17	10	2	1	391
Grade 8	110	24	19	7	4	0	117	24	7	8	4	1	325
TOTAL	368	78	48	23	14	1	378	106	32	25	10	2	1,085

Note: Counts of students refer to the membership on the 20th day of the school year. Wembership means the number of students being served in a school at a particular time.

Students Identified for Special Programs

	1999-00	2000-01	2001-02	2002-03
Academically Gifted	240	194	208	235
Students with Disabilities	N/A	138	155	135
Limited English Proficient	N/A	76	41	35
	1999-00	2000-01	2001-02	2002-03

	1999-00	2000-01	2001-02	2002-03
Total Membership at End of First 20 Days	1155	980	1017	1085
Percent Receiving Free/Reduced Lunch	13%	14%	14%	13%
Average Daily Attendance (calculated at the end of the school year)	94.8%	95.8%	95.4%	95.9%

Student Mobility

Student Mobility describes how much students move into, out of, and between schools. Mobility can impact classroom planning and student performance when students leave and are replaced by other students whose needs must be assessed.

One measure of mobility is "stability"-- the percentage of students at a school at the end of the year who were continually enrolled in the school since the first week. The higher the percentage, the more "stable" the student population has been.

Another measure of mobility is "turbulence"-- the movement in and out of a school during the year after the first 20 days. This is calculated by adding all entries and withdrawals and then dividing by the cumulative enrollment (all students who enter the school during the year). The lower the percentage, the lower the impact of entries and withdrawals on school operation.

Stability:

This school in 2002-03: **90%**

All middle schools in 2002-03: 92%

Turbulence:

This school in 2002-03: Not Yet Available

All middle schools in 2002-03:

School Effectiveness Over Time

The Effectiveness Index is a method for comparing the achievement of students in a particular school with the achievement of similar students across the entire school district. Variables considered in the model include the prior year's achievement scores for each student, each student's special education status, and two measures of socio-economic status. Achievement test scale scores are analyzed for all of the students in a school who take an end-of-year test, and schoolwide performance is summarized by examining how students in that school perform compared to how all similar students perform across the school district. If schoolwide performance is similar to what occurs districtwide in 75-80% of schools, the category is labeled "Expected." If performance varies significantly, the category is labeled "Below" or "Above" to indicate that achievement on end-of-year tests was below or above what might be expected based upon the characteristics of the students in the school. The indices are based upon North Carolina End-of-Grade Tests administered in grades 3-8.

Measuring This School's EOG Achievement Against Similar Students Across Wake County

	2000-01 Reading Math		2001	-02	2002-03		
			Reading	Math	Reading	Math	
6th Grade	Above	Expected	Expected	Expected	Above	Expected	
7th Grade	Expected	Expected	Below	Expected	Expected	Expected	
8th Grade	Expected	Expected	Expected	Expected	Expected	Expected	

Results from the North Carolina ABC Accountability Program

In 1996, the State Board of Education was given the authority to implement a plan that sets student achievement goals for every North Carolina school. The "ABC" Plan sets school level standards for students' growth and performance in Reading, Writing, and Mathematics. All elementary and middle schools in the state are evaluated annually on the results of the statewide End-of-Grade (EOG) Reading and Mathematics Tests. Growth standards ("Expected" and "High") were set by a formula developed for the State Board of Education.

Performance: The "Performance Composite" was defined in 2002 as the percentage of EOG tests and alternative assessments administered in the school on which students achieved scores equal to or greater than established grade-level standards. Schools with more than 80% of test scores at or above grade-level were designated as "Schools of Distinction," and schools with more than 90% of test scores at or above grade-level were designated as "Schools of Excellence" by the State Board of Education if the school achieved Expected or High growth.

2000-01 2001-02 2002-03

The Performance Composite scores for this school: 90.5% 92.2% 92.0%

<u>Growth:</u> The Expected and High Growth targets for every school were based upon EOG pretests administered at the beginning of third grade or the end of the previous school year for students in grades 4-8. Average student growth was calculated and compared to the standards. Prior to 2002, "High Growth" was called "Exemplary Growth" by the State Board of Education.

In 2000-01 this school: Met Expected Growth Standard
In 2001-02 this school: Met Expected Growth Standard
In 2002-03 this school: Met Expected Growth Standard

Adequate Yearly Progress (AYP)

AYP is based upon a set of performance targets that schools must achieve each year to meet the requirements of the federal No Child Left Behind (NCLB) Act of 2001. The ten student subgroups that must meet prescribed targets in reading and math are: the school as a whole, American Indian, Asian, Black, Hispanic, Multiracial, White, Economically Disadvantaged (FRL students), Limited English Proficient, and Students with Disabilities. Schools are identified as meeting AYP if both reading and math targets are met for all student subgroups comprised of 40 or more students. North Carolina statewide targets in 2003 were 68.9% in reading and 74.6% in math for grades 3-8

> For the 2002-03 School Year: This school DID NOT MEET AYP

It Met: 27 out of 29 targets, or 93% of all its targets.

For more in-depth information on AYP, please see the North Carolina Department of Public Instruction AYP website at: http://ayp.ncpublicschools.org

Writing Test Results

The design of the North Carolina Writing Test was changed in 2002 and was given as a pilot test in grades 4, 7, and 10 in the winter of 2003. No summary reports are available. The revised tests will be administered in 2004 using a new scoring system.

End-Of-Grade Test Results

End-of-Grade tests are given statewide in North Carolina at the end of grades 3, 4, 5, 6, 7, and 8. EOG tests use a multiple-choice format and measure Reading and Mathematics skills, using multiple forms of the test in each classroom. Results are reported as scale scores that can range from approximately 200 to 300 across the six grade levels. (Note: Reading scale scores prior to 2003 ranged from 100 to 200.) Progress is measured from year to year as scores move up the scale. The following table shows the mean (average) scale scores for students in this school for the past three years. Reading across a line compares the performance of three different cohorts of students at a grade level for three years. Reading diagonally (as indicated by the arrows) follows a cohort of students across years.

		Reading			Mathematic	cs	
	2001	2002	2003	2001	2002	2003	
6th Grade	160.8	162.8	264.2	267.4	270.5	271.4	
7th Grade	164.0	163.5	265.6	272.0	272.8	273.5	
8th Grade	166.9	166.7	268.0	274.9	275.7	275.7	

In August, 1998, the WCPSS Board of Education adopted the following goal for the school system:

"The Wake County Public School System is committed to academic excellence. By 2003, 95% of students tested will be at or above grade level as measured by NC EOG testing at grades 3 and 8."

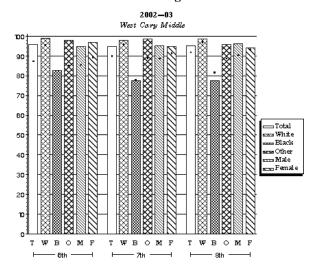

The progress of students in this school toward the systemwide goal is shown in the following figures. The tables report the percentage of students whose scale score on EOG tests was at or above grade level. The graphs compare the May 2003 percentages of the school (bars) and the system (dots) for each subgroup. If a subgroup has fewer than 10 students, the percentage is blank and the bar is missing on the graph.

WCPSS Survey Results

WCPSS conducts annual surveys of parents and high school students using randomly chosen samples of participants. Some of the items on the surveys are kept constant over time so that schools can measure improvement. The following two tables show the percentage of respondents "agreeing" or "strongly agreeing" with selected statements from the Spring 2002 and the Spring 2003 surveys. Detailed summaries of districtwide responses to all survey questions are available on the Evaluation and Research Department website.

Parent Survey Results	2002	2003
My child's school is a safe place to learn.	92.5 %	90.9 %
My child's school provides a high quality educational program.	91.4 %	89.6 %
My child is given challenging work in all classes.	77.2 %	80.7 %
Students at my child's school are well behaved overall.	81.8 %	72.2 %
The rules of this school are fair.	92.3 %	89.2 %
Teachers in this school really seem to care about the students.	88.8 %	89.5 %
This school promotes understanding among students from various backgrounds	95.3 %	95.1 %
The percentage of Parents returning the survey at this school was:	44%	77%
Student Survey Results	2002	2003
This school is a safe place to learn.	78.7 %	79.8 %
The students at this school get along with each other.	35.3 %	25.8 %
The rules of this school are fair.	53.9 %	56.5 %
My school provides many ways to help me learn.	N/A	83.3 %
I like my school.	61.0 %	65.8 %
This table compares the percentage of Parents and Students rating this school in 2003 as "good" or "excellent" on helping students learn certain skills.	20 Parents	003 Students
Reading Skills	87.6 %	83.3 %
Writing Skills	86.7 %	81.0 %
Math Skills	87.9 %	82.8 %
Social Studies Skills	81.7 %	78.5 %
Science Skills	91.2 %	73.2 %
